FALL 2010

BEHAVIORAL HEALTH SERVICES is a new business but our staff has decades of experience working with children and their families.

Dr. Bob Kifer is a licensed psychologist specializing in social skills and developmental disabilities. He has worked at Sagamore Children's Psychiatric Center, Western Suffolk BOCES and the Institute for Behavioral Health.

Ms. Ronda Brooks is a licensed clinical social worker. She has worked at Sagamore Children's Psychiatric Center, the Brentwood Public School District and the Institute for Behavioral Health.

BEHAVIORAL HEALTH SERVICES specializes in helping children make and keep friends, get along better with the friends they have, and learn how to deal with teasing and bullying. Our **Social Skills Groups** have a proven track record of success.

In addition to Social Skills Groups, we offer individual and family counseling and are in the process of setting up Calm Parenting Groups to help parents of children with oppositional defiance disorder.

We work with many insurance companies and are accepting new referrals.

For more information please call or visit us on the web at www.kidhelp.org.
